Dear Esteemed Colleagues and Friends,

Greetings! On behalf of the Indian Child Abuse Neglect Child Labour (ICANCL) group, Indian Academy of Pediatrics, it gives us great pleasure to invite you to our 4th annual conference (CANCL-CON 2015) at Pepper Wayanad Gate, opposite Chain Tree, Lakki, Wayanad district, Kerala, India from December 11-13, 2015. The theme of the conference is “**Medical Professionals Response to Child Abuse & Neglect**”.

Pediatricians, doctors, nurses, and allied health sector professionals are often the first point of contact for abused and neglected children. They play an important role in the prevention and response to affected children and their families. Besides medical care, the physicians should be aware of the new legislation, the Protection of Children from Sexual Offences Act (POSCO), 2012, which makes reporting of abuse mandatory and defines guidelines for child friendly police and courts.

The principle aim of the conference is to raise awareness, sensitize pediatricians, doctors, nurses, and allied health professionals on how to identify, address, treat and manage child abuse and neglect with a multidisciplinary approach. Through this national conference, the ICANCL group pledges to exert every future effort in collectively implement the principles of protecting child rights, prevention and management of child abuse and neglect in all settings in India.

Wayanad Kerala awaits you with its natural treasure, the mystifying mountain caves, rich tribal traditions, Soochipara waterfalls, Banasura Sagar dam, Kuruva islands Muthanga wildlife sanctuary, Wayanad churam and many more attractions.

We assure you a warm welcome and fond friendship.
